The Public Affairs Section of the U.S. Embassy in Belgrade is pleased to announce that we are now accepting applications from citizens of Serbia for participation in the Hubert H. Humphrey Fellowship Program for the academic year 2020-2021.

The Hubert H. Humphrey Fellowship Program is a Fulbright program that brings accomplished young and mid-career professionals with demonstrated leadership potential to the United States for a year of non-degree graduate-level study, leadership development, and substantive professional collaboration with U.S. counterparts. By providing future leaders and policy makers with experience in U.S. society, culture, and professional fields, the program provides a basis for lasting ties between citizens of Serbia and their professional counterparts in the United States.

The Humphrey Fellowship is granted competitively to public and private sector candidates with strong leadership potential and a commitment to public service in the following fields:

- **Sustainable Development**
 - a. Agricultural and Rural Development
 - b. Economic Development/Finance and Banking

- **Democratic Institution Building**
 - a. Law and Human Rights
 - b. Public Policy Analysis and Public Administration
 - c. Technology Policy and Management

- **Education**
 - a. Educational Administration, Planning and Policy
 - b. Higher Education Administration

BASIC REQUIREMENTS: Serbian citizenship, permanent employment in Serbia, university degree, and English proficiency.

In addition to the pre-academic language training traditionally available, the Humphrey Program offers a Long-Term English (LTE) language training opportunity to facilitate participation of candidates who lack the necessary language skills. LTE participants will travel to the U.S for intensive 20-25 week language training to improve language skills before transitioning to their academic-year Humphrey program university campuses. Candidates for LTE typically have TOEFL scores in the 440-500 range (paper-based test) or 42-61 (internet-based test).
